VT702 Headworn

VT702 Headworn

The VT702 is a superlight and very thin headworn microphone ideal for event production, public speaking and broadcast studio operations. The sound is clear and natural.

The cable is smooth, rugged and has excellent isolation from rubbing noise.

Designed to fit any head contour (head size changeable and adjustable and microphone for left or right side), the performers are free to focus on their performance! Detachable cable for easy handling.
