## VT910 Earhanger Microphone

### VT910 Earhanger Microphone

The VT910 is a super light omni-directional condenser microphone earset to wear around the ear and thus ideal for applications requiring minimum visibility. It is extremely flat and can be placed either on the left or right ear.

Perfect on stage or broadcast when you need a high quality headset, which is flexible, with a lightweight contoured loop for a comfortable fit, but without the appearance of a conventional headset.
